EBOLA and EWA

What Education West Africa is doing to help!

Following discussions with our contacts in Sierra Leone EWA has decided to give our support to the schools in a more URGENT way, following the rapid spread of this dreadful disease!

The children in the towns and villages with whom we work are in desperate need of funds for the following for their protection...

- water buckets
- soap
- sanitiser
- chlorine
- rubber gloves

It may seem very little to us, but the majority of people get their water from the rivers, some have communal wells and very few have a tap in the home. Water is not often very clean!

EWA has its own bank accounts in Sierra Leone and we get regular updates on spending - so we know where it goes!

Please help as much as you can by sending a cheque to:
EWA, 3 Anchor Cottages, High Street, ANGMERING, West Sussex, BN16 4 AG.

THANK YOU!
